**Feed Module and Separation Roller Module Guidelines for the *Kodak i2900, i3200, i3250, i3400, i3450* Scanners Consumables Kit**

The following table provides a guideline of how often to change the feed module, separation roller, pre-separation pad and tires.

- **Feed module and separation roller tires:** tire life will vary depending upon paper types, environment and cleanliness. Each Feeder Consumable Kit is expected to support up to 1,000,000 scans. Degradation of feeder performance, multiple feeds, stoppages, etc. indicate a need to change tires.
- **Feed module and separation roller module:** it is recommended that you install a new feed module and separation roller module approximately every 2<sup>nd</sup> tire change. Install a new feed module and separation roller module at the same time.
- **Pre-separation pad:** change every time you change the feed module, separation roller module or change the tires.
