HP Cash Drawer

FK182AA

Introduction

Designed around a full-sized till, the HP Cash Drawer has a narrow footprint, minimizing the amount of counter space required in your retail environment. There is ample storage in a deep under-till compartment to hold coin rolls and packaged bills. An adjustable media slot divider separates and organizes different sections for bills and various coin denominations.

The HP Cash Drawer is specifically designed for use with HP rp3000, rp5000, and rp5700 Point of Sale Systems. It does not connect directly to these systems, but must be connected via the provided interface cable through an HP USB Single Station Thermal Receipt Printer (Model: FK224AA) or one of the HP Hybrid Thermal Printers (Model: FK184AA or FK185AA).

Key Features and Benefits

- Space-saving design to maximize counter space
- HP POS Printer interface cable for easy connection to one of the HP POS printers
- Four-function lock offering several levels of security: locked closed, locked open, online and manual open.
- Offers several organizational options with the coin roll storage drawer and configurable media compartments that easily snap in and out of place.
- Robust construction ensuring the cash drawer is durable and able to sustain the typical wear of retail environments.

Compatibility

The HP Cash Drawer is compatible with the HP rp3000, rp5000 and rp5700 Point of Sale Systems and the HP POS Printers, HP USB Single Station Thermal Receipt Printer (Model: FK224AA) or the HP Hybrid Thermal Printers (Model: FK184AA or FK185AA).

NOTE: Not all models are available in all regions.

Overview

Service and Support
