Meet Microsoft Classroom Pen 2

Designed specifically with students in mind and optimized for use with Surface Go 2 and the Surface inking portfolio, Microsoft Classroom Pen 2 is now more affordable ensuring our education customers can provide this to as many students as possible and has a new design with a longer enclosure to provide better grip.

Easy, natural inking for students

Write and draw naturally. A comfortable size and a perfect fit for students at just 5.71" (145 mm), Microsoft Classroom Pen 2 makes it easy to sketch, color, and take notes in the classroom and at home. Use the buttons to select and erase content

Affordable and easy to deploy

Microsoft Classroom Pen 2 deploys easily and is optimized for use with Surface Go. Available only in packs of 20 and only to educational institutions, Microsoft Classroom Pen 2 is an affordable, efficient choice for scaled purchasing and easy replacement.

Built to last for students on the go

Microsoft Classroom Pen 2 is designed for students who need durable tools to power through their school day. The pen tip is durable and a replacement tip for each pen is included in the box. Never lose a pen with a built-in slot at the end that makes for easy tethering and a tail clip that can slip onto the type cover.
