

New level of visual comfort

Dell UltraSharp 27 Thunderbolt™ Hub Monitor | [U2724DE](#)

The world's # 1 monitor company*

* Dell monitors are #1 Worldwide for 9 years! Source: IDC Worldwide Quarterly PC Monitor Tracker, Q2 2023. From 2014 to 2023.

Bring your visual comfort to the next level

Experience a new level of visual comfort and productivity with this hub monitor certified by TÜV Rheinland for 5-star eye comfort.¹ Designed with extensive connectivity and the power of Thunderbolt 4.

Enhanced visual comfort

Protect your eyes from harmful blue light emission without sacrificing color with improved ComfortView Plus that reduces harmful blue light to less than 35%. Combined with 120Hz refresh rate and ambient light sensing, it achieves 5 star certification from TÜV Rheinland for all-day eye comfort. Experience deeper blacks with 2000:1 contrast ratio on an IPS Black panel. See vibrant colors with 98% DCI-P3, 98% Display P3, 100% sRGB and 100% BT.709 color space and easily calibrate your colors with Dell Color Management software.

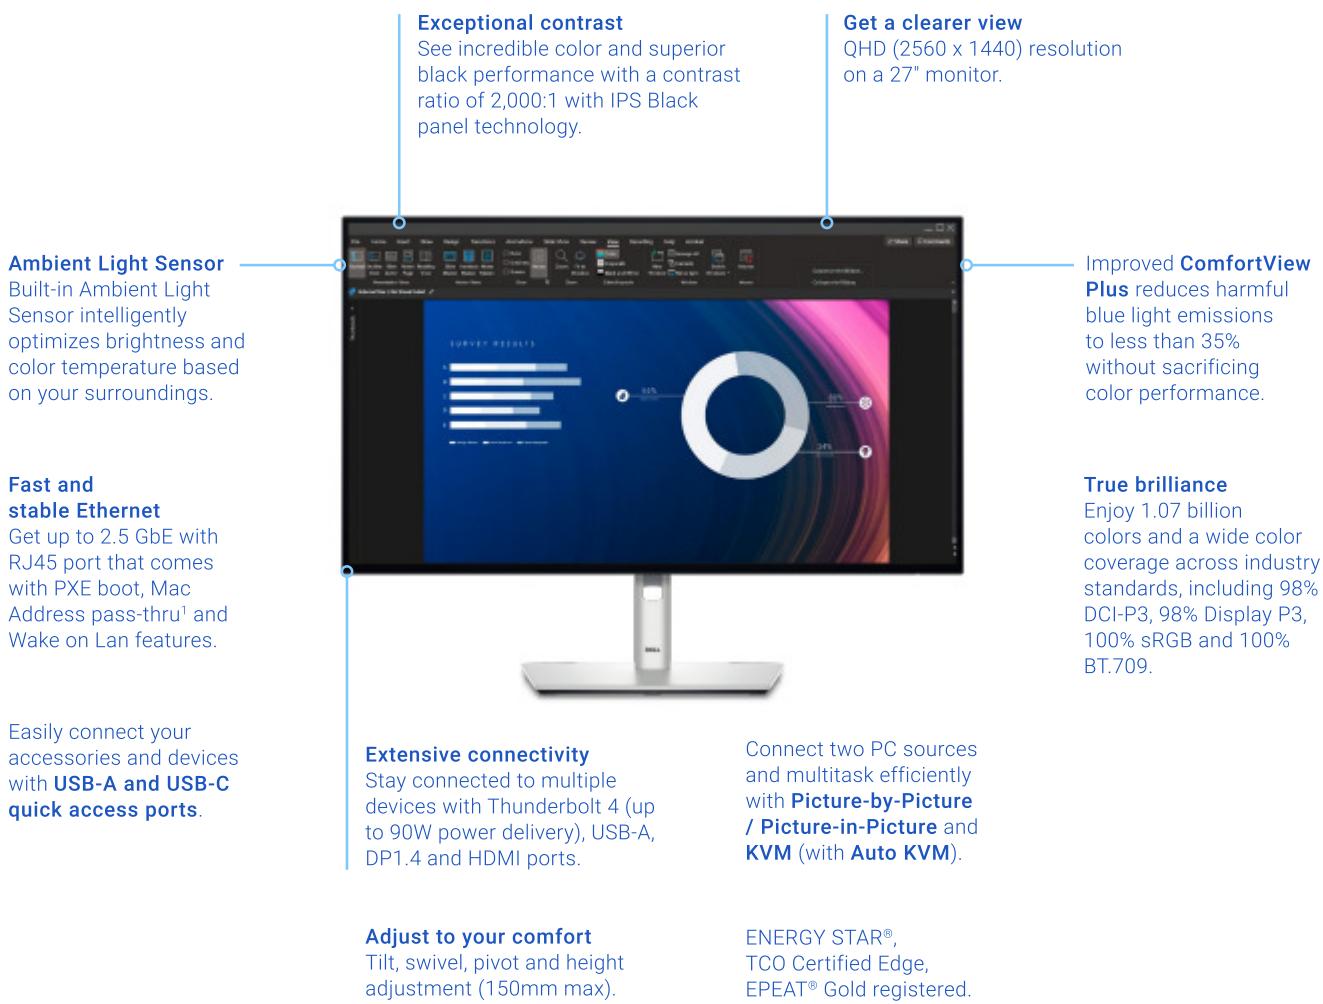

Easier connections

Streamline productivity with a single Thunderbolt 4 cable that transmits data and video signals while delivering up to 90W of power and 2.5GbE speeds with RJ45 connectivity for a fast and stable network connection. Expand your productivity by connecting 2 PCs and multitask seamlessly across both PC with KVM, Picture-in-Picture (PiP) and Picture-by-Picture (PbP).

Premium design

Designed with a premium finish, this monitor with a built-in cable management system reduces cable clutter. It is adjustable to fit the way you work and be comfortable all day. Built with sustainable practices for the performance you need while meeting EPEAT® Gold, ENERGY STAR® and TCO Certified Edge Displays criteria.

¹ Based off TÜV Rheinland's® Eye Comfort certification, August 2023.

Exceptional contrast and stunning colors

Exceptional contrast

See incredible color and deeper blacks with a contrast ratio of 2,000:1 with IPS Black panel technology. With a wide 178°/178° viewing angle, images remain spectacular, from virtually any angle.

True brilliance

With 1.07 billion colors and a wide color gamut (98% DCI-P3, 98% Display P3, 100% sRGB and 100% BT.709) every color will stand out.

Dell Color Management

Easily calibrate your monitor's colors with the new Dell Color Management software¹, developed in partnership with Calman Verified certification. Create and store preset color profiles you can save and use later on your monitor.

¹ Compatible with external colorimeter (listed below), sold separately. Portrait Displays: C6 HDR2000, X-Rite: i1Display Pro, i1Display Pro Plus, Klein Instruments: K10, Calibrite: ColorChecker Display Pro, ColorChecker Display Plus.

Connectivity that drives productivity

Thunderbolt Hub monitors offer extensive connectivity options including Thunderbolt 4 (up to 90W power delivery), RJ45 for wired Ethernet access, super speed USB for fast data transfers, and more.

Connect to your network

Get stable Ethernet connection to your network with RJ45.

Easy to manage

Get enhanced manageability with MAC Address pass-through⁴, PXE Boot, and Wake-on-LAN conveniently built in.

Streamline your workspace

Reduce cable clutter with Thunderbolt 4 connectivity that transmits data and video while delivering up to 90W¹ to power a wide range of laptops.

Quick convenience

Quick-access USB-C and super speed USB 10Gbps ports enable fast data transfers and charging of up to 15W² of power.

Jumpstart productivity

Simply press the monitor power button, and the power sync feature seamlessly starts your monitor and connected Dell PC.³

¹ Dell adheres to standard USB-C specifications and protocol. Functionality with non-Dell USB-C systems may vary.

² Via quick access USB-C port.

³ The power sync feature on this Dell USB-C Monitor enables start up and wake-on-demand on compatible Dell PCs. Please check your Dell PC to ensure support of this feature.

⁴ MAC Address pass-through functionality is tested to work with most Dell PC systems. Functionality on non-Dell systems may vary.

Sustainability on Dell Monitors

Environmental standards

This monitor is made from 85% PCR (Post-consumer Recyclable) plastic in the design¹, 90% recycled aluminum and meets the latest environmental standards such as ENERGY STAR®, and TCO Certified Edge, and are EPEAT® Gold² registered.

Eco-conscious packaging

Dell monitors ship in boxes made with 100% renewable content that is also 100% recyclable.³

Energy conservation

Save energy with PowerNap⁴, a feature that dims or puts your monitor to sleep when it's not in use.

¹ By weight of the total weight of plastic parts in product. Excludes printed circuit boards, labels, cables, connectors, electronic components, optical components, ESD components, EMI components adhesives, and coatings.

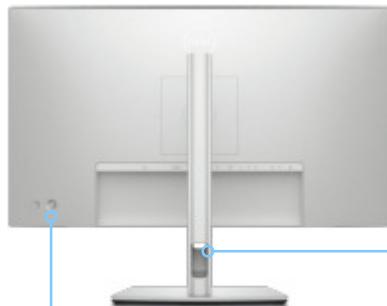

² EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.

³ Applies to all Dell monitors launched since 2023. Made from FSC mix sources which is a mix of material from FSC certified forests, recycled content and/or FSC controlled wood. Based on internal analysis, August 2023.

⁴ Enabled by Dell Display Manager.

Designed for you

Crafted with a premium platinum silver finish, this stylish Dell UltraSharp 27 Thunderbolt Hub monitor fits both home and office environments.

Designed with purpose

The small base and elegant cable management system hides cords within the monitor riser.

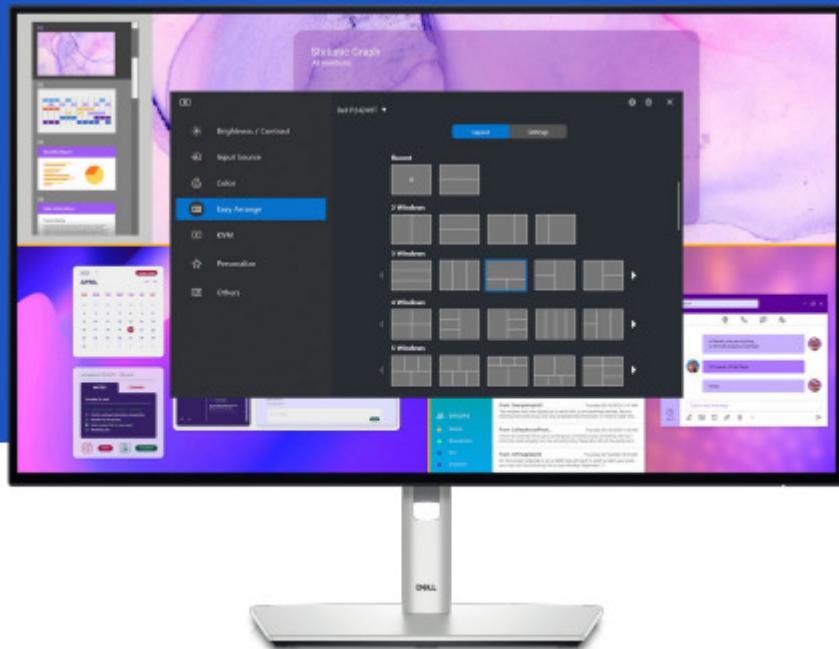

Easy-to-use

Navigate the onscreen menu and adjust settings with a convenient joystick control.

Work comfortably

Experience made-for-you comfort by tilting, swiveling, pivoting and adjusting the height of your monitor (150mm max).

Dell Display Manager

Modern Intuitive User Interface

New modern user interface for ease of use and personalization of features with Menu launcher.

Productive at every level

Easy Arrange allows you to easily tile multiple applications across one or more screens with 48 pre-set window partitions and the ability to personalize up to five windows, giving you improved multitasking abilities. Easy Arrange Memory save the placement of your programs and applications in the layouts and restore them when you select the preferred layout.

Stay updated

Get automatic notification anytime for new updates on monitor firmware¹ and software.

Optimize front of screen experience

Get uniform color experience from your monitor seamlessly by matching the color preset of the monitor¹ and the supported ICC profile.

Easy setup and sharing of accessories

Setup a single keyboard and mouse to be shared easily between multiple PCs with USB KVM wizard.¹ Quick access menu or hotkey allow convenient fast switching between PCs.

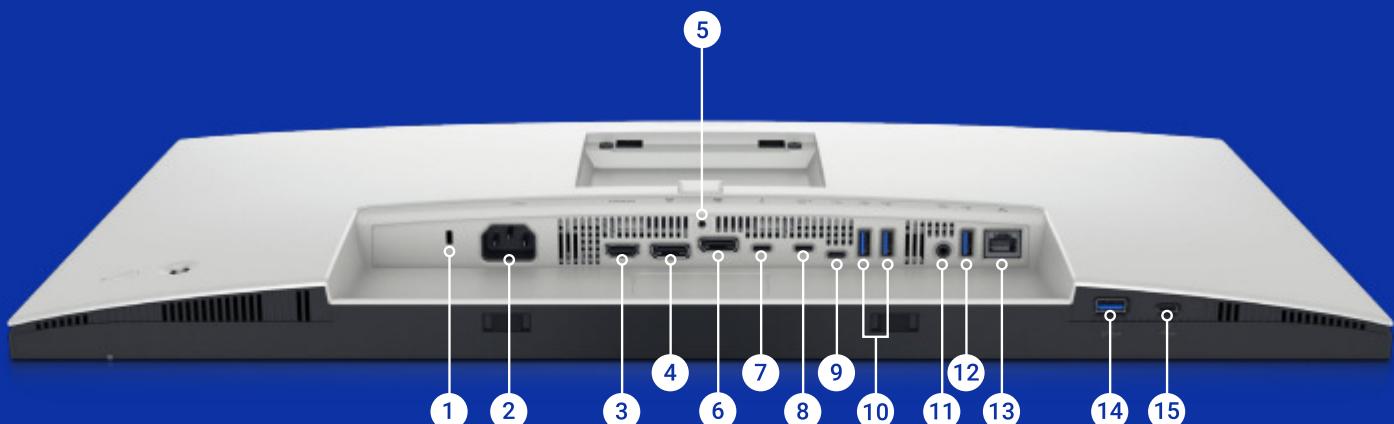

Easy deployment

DDM is compatible with management tools such as SCCM, InTune and Command Line Interface scripts for easy IT integration and deployment with asset management.
