

Passive holder with tilt swivel

Fits for devices with original skin.

Item no: 711002

EAN Number: 7320287110029

With your tablet in a holder attached in your car you will always have it within easy reach. Safe, neat and convenient! You can connect e.g. a charging cable to the device when it is in the holder.

The holder is mounted onto a tilt swivel. This means that you can adjust the angle in order to avoid light reflection on the screen. You can easily switch between portrait and landscape mode by turning the holder into desired position. It is easy to put the device into place in the holder, and to take it with you when leaving the car.

Attach the tablet holder onto a Brodit headrest mount, pedestal mount or high strength mounting platform. When choosing the location for the holder, it is important to make sure that the installation does not block the view or interfere with functions or controls.

Fits the following models:

Samsung Galaxy Tab Active 2 SM-T390/SM-T395

Samsung Galaxy Tab Active 3 SM-T570/SM-T575

Samsung Galaxy Tab Active 5 SM-X300/SM-X306B
