

Fully adjustable, space-saving ARMS for flat panel monitors

Product
Sheet

Features

- *View multiple monitors simultaneously*
- *Easily position the height and angle of your monitors for maximum comfort and productivity*
- *Three points of rotation provide maximum adjustability:*
 1. *180° of up-and-down tilt*
 2. *180° of side-to-side tilt*
 3. *Portrait/Landscape swiveling*
- *Video Electronics Standards Association (VESA®) FPMPMI™ compliant for 75 mm or 100 mm Mounting Interface Standard*
- *Patented friction system provides smooth long-life adjustment while maintaining touch-screen stability*
- *Manages 15" to 20" flat panel monitors up to 23 lbs (10.4 kgs)*
- *Low-profile base minimizes interference with items on desk*
- *Steel construction ensures long-lasting durability*
- *Cable management system organizes and routes cables*

Ergotron® DeskStands

100 Series (DS100)

Conserve desk space by suspending up to five flat panel monitors on a single base. Choose between multiple configurations and adjustment ranges. Easily adjust the height and position of all monitors to a comfortable, ergonomically appropriate position. Patented pivot mechanisms allow you to tilt, pivot and turn your flat panel monitors for maximum efficiency and ergonomic comfort. Free Standing, Desk Clamp, and Grommet Mount Bases are available for all configurations.

The DS100 Series is a line of products within Ergotron's flat panel monitor Adjustable Rotating Mounting Solutions (ARMS).

Maximize the effectiveness of your flat screen monitors

Slide pivot along crossbar to accommodate different monitor widths.

Double Pivot with Portrait/Landscape (P/L) shown. Pivots allow monitors to tilt up to 180° up-and-down, tilt up to 180° side-to-side, and rotate 360° for P/L adjustment.

VESA® FPMPMI™ 75 mm and 100 mm Standard Interface Plate.

Cables are guided cleanly through channels with removable covers.

Top view: Using different pivots, monitors can be aligned into a curved profile to benefit viewing.

Sleek low-profile base with durable finish provides stability and space savings.
